

line 15-25

steps

- 1) Case - If someone takes HMMRT without the owners knowledge, it is considered HMMRT only if the owner doesn't suspect him of stealing (he was happy he took HMMRT)
- 2) Question - How do we know if the owner is happy or not?
- 3) Answer- If upon returning home he asks why even better fruit weren't taken, and there are better ones we realize he was happy. However if there are no better ones, we realize he was just being sarcastic (or if the owner added fruit on his own)
- 4) Question - What is the difference if there are better ones, but at the time the HMMRT was taken he didn't know? The only thing that can be said is when the owner found out and is happy it is considered as if he was happy even before. This is the same idea as TEDM ALa aWAY, we see from this ATPSWT a **proof** to ABR
- 5) Answer - ABR (according to YBA)answers, the case is speaking where he made a messenger to take HMMRT , the only reason it is called TEDM ALaHMMRT is, the owner didn't specify what quality fruits are to be taken. It is also reasonable to assume that he made a messenger to take HMMRT, because the HRWT says OTA OG, we learn from there that only an appointed messenger may take HMMRT for you
